

The following list of unrecorded judges have been used by our local show managers and have continued to do a good job of judging our approved OHJA member shows. The Board of Directors will allow show managers the latitude of hiring someone that is not listed below that they feel will do a good job. Show managers will not need to get preauthorization for someone not on this list, but they must give a brief written report to the board once the show is over. Judges will then be added to this list as they are approved.
